Today you are going to practice counting in 2s.

Watch this BBC Bitesize clip <https://www.bbc.co.uk/bitesize/clips/z3cmpv4> and help Rodd count in 2s.

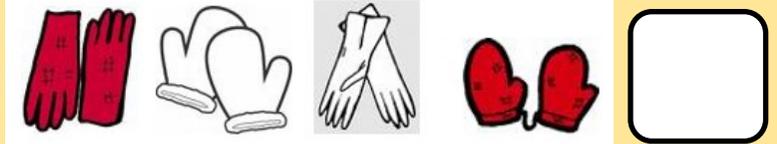

Before you watch the video, you will need some socks that you can use to practice putting into pairs.

BBC

How many pairs of things can you spot in Rodd's house?

Can you circle the pairs?

Can you use your "counting in 2s" to tell me how many of these things there are?

Can you colour the numbers as you count in 2s? What do you notice?

1	2	3	4	5	6	7	8	9	10
---	---	---	---	---	---	---	---	---	----

# Home Learning Activity - Literacy

This week, read the story 'Aliens Love Underpants'. If you don't have the book to hand, you can watch it through this clip (the second video down has words to help support reading)

<https://www.bbc.co.uk/bitesize/topics/zvyc7nb/articles/zmqbv7>

After you have read the story, have a go at completing Miss Leggett's challenges. You can choose as many as you like to complete.

1. Design your own pair of pants! Can you use describing words to tell me what they look like? I wonder if they will be spotty, stripy, or have a repeating pattern?
2. Where did the aliens come from? Can you draw their planet? What could it be called? What can you see there? Is there anything to do?
3. Design and make your own spaceship for the aliens to travel in! Explain your ideas to a grown up, remember to be clear in what you are saying so that people can understand you!

## Reading Challenge

- ⇒ Play "Obb and Bob" on [www.phonicsplay.co.uk](http://www.phonicsplay.co.uk). Can you feed Bob the real words and Obb the pseudo (not real) words?
